SAVE YOUR HAIR! 25 CENT BOTTLE STOPS DANDRUFF

EVERY BIT OF DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT.

TRY THIS! YOUR HAIR APPEARS GLOSSY, ABUNDANT, WAVY AND BEAUTIFUL

Thin, brittle, colorless and crazy hair is mute evidence of a neglected scalp. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Dandruff tonight—now any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Dandruff from any drug store or toilet counter, and at the first application your hair will take on the life, lustre and luxuriance which is so beautiful. It will become wavy and abundant, an innocent of business softness; but what will please you most will be after just a few weeks' use when you will actually see a lot of fine, downy hair growing all over the scalp.

Dandruff is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.
